

ECO CLEAN

All-Natural Biodegradable Citrus Based Hard Surface Cleaner

Description

Eco Clean is an all-natural biodegradable citrus based hard surface cleaner, ideal for cleaning polished concrete floors and topical coated floors.

Eco Clean will assist in prolonging the life of a floor by removing surface contaminants and abrasive particles.

Uses

Eco Clean is suitable for cleaning general grime, dirt, grease, oil, texta, crayon, tar, lipstick, adhesives and cooking fats. **Eco Clean** is also suitable for cleaning stainless steel, vinyl, mirrors, stains from carpet and fabrics. It is ideal for removal of scuff marks on hard surfaces.

Directions For Use

General Spray and Wipe

Use 1-part **Eco Clean** to 10-parts water (1:10). Spray diluted solution onto surface and wipe off immediately using damp sponge or cloth.

Floor Cleaning and Mopping

Use 1-part **Eco Clean** to 50-parts warm water (1:50). Damp mop solution onto floor for the removal of general grime, dirt, oil and grease. Excellent for removal of scuff marks on hard surfaces.

Caution

Do not use neat (undiluted) on painted or varnished surfaces.

Eco Clean may affect some plastics.

Eco Clean must not be used on suede or leather.

Storage Period: 3 years (5-35°C)

Packaging: 5, 15 and 200 litre plastic containers

Typical Properties

Appearance	Transparent orange liquid
Odour	Pleasant mild citrus
