

# DIAMOND LINK HARDENER

Non-Isocyanate 2-Pack Additive for Carbon Coat Polycarbonate Coating

## DESCRIPTION

**Diamond Link Hardener** is a non-toxic, VOC-free crosslinking agent which helps to improve the various attributes of water-based **Carbon Coat** - Polycarbonate Coatings, such as;

- Water, solvent and chemical resistance
- Hardness, abrasion and scratch resistance
- Adhesion

Adding the **Diamond Link Hardener** into **Carbon Coat** transforms the coating from a single pack to a 2-pack.

## ADVANTAGES

- Non-toxic
- Excellent performance at low temperature cure
- Longer potlife
- Excellent dispersibility
- Increases the strength and durability of **Carbon Coat**

## MIX RATIO

1 x 200ml jar of **Diamond Link Hardener** into 1 x 5 litre **Carbon Coat** – Polycarbonate Coating.

## LIMITATIONS

- Always read SDS before use of any product

## HEALTH AND SAFETY

For detailed information, refer to the current Safety Data Sheet available at [www.ecoshield.com.au](http://www.ecoshield.com.au)

For emergencies, please contact 24-hour mobile 0413 075 994.

### First Aid Instructions

Discomfort in stomach and intestinal tract may occur. Immediately give milk or water. DO NOT induce vomiting. First aid is generally not required. Call a doctor if necessary.

If in eyes, rinse cautiously with water for several minutes. Remove contact lenses if present. Continue rinsing. May cause irritation and redness. Seek medical attention if irritation persists.

If on skin: wash with plenty of soap and water. If irritation persists, seek medical advice.

## MANUFACTURER'S COMMENT

Use with any other manufacturer's product could result in detrimental effects on the product's performance for which Ecoshield Performance Coatings holds no responsibility, and Ecoshield Performance Coatings cannot be held responsible for failure to follow application instructions.

Ecoshield Performance Coatings is continually updating materials and methods. Ensure you have the latest information.
